Department of Health  
NATIONAL NUTRITION COUNCIL REGION VII

***2018 Nutrition Month Prayer***

Father Almighty,

We are ever thankful

For the bounty grown in our soil

For the ability You have given

To grow food in our garden

May we always be reminded

In Your resources, we are privileged

In the earth, we're able to borrow

Nutrients to help us grow

May the food we produce

Bring strength we could use

And give hope to our community

To fight hunger and poverty

May we be wise as we choose

What our land would produce

So that no man, woman or child would perish

Because they were hungry & malnourish

This we ask in the name of the Father, the Son and the Holy Spirit.

Amen
