NATIONAL NUTRITION COUNCIL VII

2016 NUTRITION MONTH PRAYER

Father God,

With grateful hearts we praise
The depth of Your wisdom and grace
To have blessed upon us
The future and Your trust

With joyful voices we exalt
The love You give without fault
For every child in the community
A chance to grow in mind and body

We pray for You to give us light
In our endeavours and in this fight
Against the challenges of malnutrition
And bring hope to our nation

To the first thousand days of life
May we sail through without strife
For in this period our children grow
To their full potential and bright tomorrow

To the women may they realize
How important they are in children's lives
May they remember to take care
Of themselves and the child that they bear

We ask for the community to understand
That the future is in their command
To keep safe both child and mother
Everyone has to work together

Amen.
